Funders' Initiative on Closing Space for Civil Society

The data represented was provided by civil society organisations and funders (see list) attending the 2015 Funders' Workshop on Challenging the Closing Space for Civil Society, hosted by Ariadne, the International Human Rights Funders Group, and the European Foundation Centre.

Data is visualised on this heat map to illustrate:

- which levers (drivers/strategies) organisations use least/most to address Closing Space
- in which regions they are most/least focused
- how/where organisations share strategic and geographic commonalities and priorities

LEVER KEY

- Strengthening and diversifying counter-narratives around civil society's value
- Strengthening the long-term security and resilience of human rights defenders and NGOs
- Economic interests
- International development
- Advocacy to strengthen the diplomatic response to civil society pushback
- Countering the impact of counterterrorism policies on civil society
- Developing approaches to bridge international norm-setting with domestic legal reform
