

# Funder Safeguarding Collaborative

Listening · Learning · Practicing Trust

We're delighted to invite you to the launch of the **Funder Safeguarding Collaborative**. Founded by Oak Foundation, Comic Relief, Porticus, The National Lottery Community Fund, and Global Fund for Children, the Collaborative aims to promote collaboration, listening, and learning among funders and organizations to support and strengthen safeguarding practices globally.

Please join us at one of our **launch events** where you can learn more about our work, meet some of our founding members, and talk to funders who have already joined the Collaborative. The events will take place on:

- **Tuesday, March 16** from 2:00pm-3:00pm GMT [REGISTER HERE](#)
- **Tuesday, March 23** from 2:00pm-3:00pm GMT [REGISTER HERE](#)

Spaces are limited, so please reserve your place as soon as possible.

## About the Collaborative

The Funder Safeguarding Collaborative believes that all funders can make a valuable contribution to keeping people safe. We achieve change through three mutually reinforcing strategies:

### CONNECT

We connect funders to the wealth of knowledge and expertise that already exists and promote alignment around best practices.

### SUPPORT

We offer a range of high-quality, flexible, fee-based support, which is tailored to the specific needs of funders.

### INVEST

We provide opportunities for funders to invest in evidence-informed initiatives to improve global practices.

Membership is **free** and open to a wide range of grant making institutions around the world.

If you would like to find out more, please visit our website [www.fundersafeguardingcollaborative.org](http://www.fundersafeguardingcollaborative.org) or email FSC Director Karen Walker-Simpson at [kwalker-simpson@fundersafeguardingcollaborative.org](mailto:kwalker-simpson@fundersafeguardingcollaborative.org)
